INFORMATION ABOUT THIS SERVICE

Description

A virtual reception service manages all your calls; and works as an overflow, after-hours, or emergency answering service by redirecting your calls to our Australian-based call centre whenever you need it. Professional virtual receptionists answer calls for you, take messages, and forward messages to you via email and even SMS if required.

VIRTUAL RECEPTION EXECUTIVE plans are complete virtual reception services where operators check your availability before connecting the call to you. If you are unavailable a message is taken and provided via email & SMS.

Feature add-ons can be added to your service for a fully customised solution.

Minimum term

There is a one month minimum term for this service, and we require 30 days advance written notice of cancellation.

Inclusions

We allocate a unique local phone number (DID) for each service which can be used to forward your existing landline or mobile calls; or can be used as an answer point for 1300/1800 numbers. This is an internal system number which is subject to change & remains the property of Virtual Office Services. We strongly recommend that you do not advertise or publish your live answering DID number.

Qualifications

To receive SMS and email notifications you will need an active mobile number and email address.
